**Customer Number 69054**

I hereby claim priority under Title 35, United States Code, §119 of any provisional application filed in the United States in accordance with 35 U.S.C. §119(e), or any application for patent that has been converted to a Provisional Application having a filing date before that of the application on which priority is claimed, and have also filed below any foreign application for patent or invention's certificate of its filing date, or any foreign application(s) for patent or invention's certificate filed below the national or PCT international filing date of the continuation-in-part application, and the material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application, patenability as defined in 37 CFR 1.56, including for continuation-in-part applications, I acknowledge the duty to disclose information known to me which is material to prosecution, including the claims, as amended by any amendment referred to above.

I hereby state that I have reviewed and understand the contents of the above-identified Specification, including the claims, as amended by any amendment referred to above.

I hereby authorize and request my attorney(s), as appointed below, to insert above the filing date and application number of said application when known.

APPARATUS AND A METHOD FOR LOW NOISE SENSING, the Specification of which was filed 01-17-2007, serial number 10/566783, and is a National Phase application of PCT/US04/001053, filed November 17, 2004.

I believe that I am the original and first sole inventor of an original and first joint invention entitled:

My residence, post office address and citizenship are as stated below under my name.

As a below named inventor, I hereby declare that

#### **DECLARATION AND POWER OF ATTORNEY FOR PATENT APPLICATION**

I hereby declare that all statements made herein of my own knowledge are true and  
 I declare that all statements made herein of my own knowledge are true and  
 that all statements made on information and belief are believed to be true; and further, that  
 these statements were made with the knowledge that will false statements and that those so  
 made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the  
 United States Code and that such willful false statements may jeopardize the validity of the  
 application or any patent issued thereon.
